# STAINLESS SCRUB SINKS

 **SKYTRON**<sup>®</sup>  
TRUSTED PARTNER | PROVEN SOLUTIONS

# Quality Stainless Steel Scrub Sinks for Every Clinical Need

Skytron's Stainless Steel Scrub Sinks provide quality, convenience and flexibility for every clinical need. Scrub Sinks are available with knee-kick and/or optional infrared module for "hands-free" operation. In addition, the optional Eye Wash (EW) feature provides a central, visible location to all staff, and saves valuable floor and wall space.

The Standard Knee Kick (-MK) panel is 16" wide and 8-1/2" high and is centered to the faucet for left or right knee operation.

Optional Infrared Module (-IRM) conserves water usage.

Optional Eye Wash (-EW) safety feature.

Single Bay with optional Infrared Module and Eye Wash (SS2121-MK-IRM-EW)

Double Bay with optional Infrared Modules (SS2122-MK-IRM)

Triple Bay with optional Infrared Modules (SS2123-MK-IRM)

# Deck Mounted Mixing Valve for Optimal Temperature Control

A highly visible, deck mounted mixing valve provides optimal temperature control. Deep sloped sink design minimizes backsplash, while plexiglass splash dividers prevent cross-bay contamination. High quality gooseneck faucet(s) create wide, "rosette-style" spray or steady stream dependent upon user preference. Large 1-1/2" drain(s) promote fast and efficient water drainage for every scrub cycle.

## Key Features:

- Deep Sloped Sink
- Knee Kick
- Heavy Gauge Stainless Steel
- Plexiglass Splash Divider
- Deck Mounted Mixing Valve

## Optional Equipment:

- Eye Wash Feature
- Infrared Module(s)
- Wall Support System
- Back Shelf
- Laminar Flow Nozzles
